POTASSIUM CHLORIDE

TECHNICAL GRADE

POTASSIUM CHLORIDE

Another name - Not applicable.	INCI: Not applicable
	Nr CAS:
	Nr UN: Not applicable

Technical specification:

Quality parameters	Typical values
Content of potassium chloride (KCl), [%]	98,2
Content of sodium chloride (NaCl), [%]	1,6
Content of potassium oxide (K ₂ O), [%]	Min 62
Moisture, [%]	0,5
Colour	From white to yellow
Additives	Anticaking agent

Applications: Drilling industry – product is used to formulate drilling fluids.		
Packaging:	Storage:	Transport information:
- Big-Bag a' 500 kg	Store in original, tightly closed containers, in a dry and well-ventilated storage place. Protect from water and moisture.	Not applicable. Substance is not classified as "dangerous goods".
